Product parameters

Model Name	CXE80C	RJ45	Supports 1000 Mbps
CPU	N2930	4G	Customized 4G internet model fast
Operating system	Windows 10	I/O interface	USB3.0X1 USB2.0X1 SIM card x1 (customizable 4G module) HDMIx1 DC power interface x1 RJ45x1
Memory	4GB (optional 8GB) +64G (optional 128G/256G/512G/1TB)		
Size of appearance	230*160*20mm ±1mm		
Machine weight	1100g (determined by battery capacity)		
Color of machine	Black		
Display screen	8inch rugged tablet,	Capacity of battery	6000mAh
Camera	Rear mounted USB 500W/1300W high-definition camera, without front facing camera and does not support customization	Type	Polymer Lithium Ion Battery
Touch screen	10-point touch capacitive touch screen,Optional anti-glare, waterproof, glove-friendly touch screen	Fingerprint recognition	Customizable
Charger	D C 19V=3.5A (5.5mm)	Customized module	Customizable functional interface
Positioning system	Customization: built-in Beidou+GPS positioning	Customized module	Built-in Beidou + GPS positioning
WIFI+ Bluetooth	WIFI 802.11 b/g/n 2.4G+5.8G+BT 4.0	Customized module	Lora/multi port serial port/WiFi to serial port and all other customer needs

Industry-leading configuration, casting ultra-high performance

Intel R Celeron R processor N2930 high-performance CPU, industry-leading Windows 10, The equipment performance has been significantly improved, and the overall operation of the machine is smoother; Standard configuration 4GB+64GB, Multiple programs run without stuttering, with higher memory frequency and faster running speed; A new generation of self-developed scanning engine, Compared to camera decoding performance, it improves by three times, making user inventory, inventory, and quality inspection more efficient.

Rich expansion, focus on user scenarios

Strong customizable functionality, suitable for various environments; Support for bottom expansion base and support for Ethernet Cable and power cord, more convenient to use;

Ultra-thin and large screen to improve user experience

10.1-inch ultra clear large screen, resolution 1280 * 800, 500Nit screen brightness, unobstructed chart data, and pressure free multitasking on the same screen operation; 10 point touch control Shenrong touch screen, IP65 high protection level, industrial grade three prevention quality, suitable for various complex and harsh working environments;

Rugged and durable, improve user experience

When turned on, it can freely fall from the 100cm composite wood floor, providing strong support for the entire machine Protection, in line with industrial protection standards, allowing users to use it more freely; 6000mAh battery, excellent adaptability to mobile work needs in various environments.

Product Functions:

Win system

5G module

Positioning
Module

WiFi/ Bluetooth

Camera

10 inches

Fingerprint
unlock
